

Win-Win Program

What is the Win-Win Program?

Win-Win is a special program of Mannatech, a recognized pioneer in the worldwide wellness industry. Win-Win has been designed to offer organizations a solution to their fundraising needs while at the same time, supporting the long-term quality health of their members, families and friends.

Traditional Organizational Fundraising Methods are no Longer Desirable

- Not advisable for children to interact with strangers
- Solicitations have been prohibited in many locations
- Companies enforce policies to prohibit solicitations and sales
- Professional fundraisers expect to keep up to ¢.98 of every dollar
- Typical fundraising items sold, now have drawbacks.
- No delivering of products or handling of money.

Traditional Organizational Fundraising Methods are no Longer Desirable

Fundraising has not kept up with the times. This is especially ironic since the roles, responsibilities and financial needs of organizations like yours are rapidly expanding.

21st Century Fundraising Alternative

Regardless of an organization's size, budget or other resources, Win-Win can help maximize your fundraising potential, eliminate the downsides of traditional fundraising, and start your members toward healthier lifestyles.

Manna Care™
Giving a Child a Future!

Join Promise International and Manna Care™ in their mission to provide an education, clothing, health care and a decent place to live to thousands of orphaned children in Uganda who are suffering from poverty and preventable diseases.

Your monthly participation will go a long way in giving these children a future. Many of them have seen their parents die and are being raised by grand parents and other caregivers who earn less than \$1.00 each day. You can help change their lives forever!

Your participation is simple! Purchase one of two products listed below each month for a minimum of six months. A substantial portion of the purchase price will go directly to Promise International, a ten-year old non profit organization that I helped to establish and that is recognized by the United States government as a tax-exempt charity.

Twice each year you will receive a letter directly from the child that you are helping and once a year you will receive a report card from their school. You will also receive a quarterly newsletter from Promise International, outlining our continued programs and the changes in the lives of the children that we support.

Sincerely,
Israel Mwesigwa,
Founding President Promise International
